International Coastal Cleanup

SEPTEMBER 15, 2018

The International Coastal Cleanup began more than 30 years ago, when communities rallied together with the common goal of collecting and documenting the trash littering their coastlines. ICC has grown immensely in the past years since the first cleanup. Volunteers from states and territories throughout the U.S. and more than 100 countries come together each year and participate in the cleanup event near them.

OUR PROGRESS SO FAR...

-  **1,360,609 people** have participated
-  **26,297 locations** around the world
-  **50,634,290 lbs** of trash removed
-  **45,760 miles** covered

SINCE 2016, THE CNMI HAS HAD 1,784 PARTICIPANTS, REMOVED 7,254 POUNDS OF TRASH, COVERED 138 MILES, AND COLLECTED 51,519 ITEMS.

You can't help but be inspired by the ocean. It produces half the air we breathe every day, the food we eat and the water we drink. The ocean is our responsibility, but we can't do it alone –we need to join forces with people around the world to keep the ocean and our coastal communities healthy and prosperous. *It's our ocean.*
