  - (i) “De Minimis Fee Waiver” Request: When an applicant for a Minor APC permit has substantial evidence that the proposed activity or action will have no direct or cumulative impact on coastal resources, a “De Minimis APC Fee Waiver” may be requested in writing through the permitting office. This request must clearly state the reason(s) why the proposed activity will be “de minimis” in nature, and include a request for a reduction of up to 50% of APC permitting fees for commercial actions and 100% of APC permitting fees for mitigation, restoration, or non-commercial actions.
  - (ii) Review of “De Minimis Fee Waiver” Requests: Such requests must be submitted to the Director with the Permit Manager copied. Permitting staff will review such requests to ensure accurate environmental information has been provided, and the Permit Manager will submit a recommendation to the Director to approve or deny the waiver request within ten working days of receipt of the request at the Saipan DCRM office. The Director may deny or grant the waiver request, or grant the request with restrictions, conditions, or modifications at their discretion. If a waiver is granted, the Director shall issue a letter to the applicant detailing what, if any, restrictions the waiver is conditioned upon, and a copy of this letter will be retained in the permit file. Any deviation of scope of activities of the subject project will be treated as unpermitted for the purposes of enforcement action, if necessary, as detailed in § 15-10-900.
