Public Notice

From the COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS
COASTAL MANAGEMENT PROGRAM
of the CNMI'S DIVISION OF COASTAL RESOURCES MANAGEMENT

DATE: April 10, 2020

NOTICE: The Bureau of Environmental and Coastal Quality (BECQ) Division of Coastal Resources Management (DCRM) is currently reviewing a federal consistency determination request from the U.S. Environmental Protection Agency (EPA) regarding the proposed 2020 multi-sector general permit (MSGP), which would replace the existing five-year 2015 MSGP and authorize stormwater discharges from industrial facilities in geographic areas where EPA is the permitting authority including the CNMI.

For more information about the project, please proceed to the following link:

<https://dcrm.gov.mp/wp-content/uploads/crm/EPA-Consistency-Determination-Stormwater-Discharge.pdf>

Federal consistency is a provision of the Coastal Zone Management Act (CZMA) that requires federal actions that affect the coastal zone to be consistent to the maximum extent practicable with the enforceable policies of a coastal state's federally-approved coastal management plan.

Comments on whether the project is consistent with the enforceable policies of the CNMI's coastal management program can be submitted to the Division of Coastal Resources Management at fedcon@dcrm.gov.mp.

This public notice has been published for compliance with 15 CFR § 930.42. DCRM is soliciting public comments for fifteen (15) days, starting on April 8, 2020 and ending on April 23, 2020. We look forward to your input.
