## Public Notice

From the COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
COASTAL MANAGEMENT PROGRAM  
of the CNMI'S DIVISION OF COASTAL RESOURCES MANAGEMENT

**DATE: November 12, 2020**

**NOTICE:** The Bureau of Environmental and Coastal Quality (BECQ) Division of Coastal Resources Management (DCRM) is currently reviewing a federal consistency determination from the Environmental Protection Agency regarding the proposed rule for the National Performance Standards for Discharges Incidental to the Normal Operation of a Commercial Vessel. More information about the proposed activity can be accessed via the DCRM website at: [https://dcrm.gov.mp/wp-content/uploads/crm/National-Consistency-Determination-Letter\\_Vessel-Incidental-Discharge-Act-1.pdf](https://dcrm.gov.mp/wp-content/uploads/crm/National-Consistency-Determination-Letter_Vessel-Incidental-Discharge-Act-1.pdf).

Federal consistency is a provision of the Coastal Zone Management Act (CZMA) that requires federal actions that affect the coastal zone to be consistent to the maximum extent practicable with the enforceable policies of a coastal state's federally approved coastal management plan.

Comments on whether the project is consistent with the enforceable policies of the CNMI's coastal management program can be submitted to the Division of Coastal Resources Management at [fedcon@dcrm.gov.mp](mailto:fedcon@dcrm.gov.mp).

This public notice has been published for compliance with 15 CFR § 930.42. DCRM is soliciting public comments for fifteen (15) days, starting on November 12, 2020 and ending on November 27, 2020. We welcome your feedback and thank you for your consideration.
